

## F. B. CATE REAL ESTATE AGENCY

The money you throw away in poor speculations would be better invested in real property which stays where it is put. You who do not own your home, figure up the amount you have spent in rent during your life. Better use paper and pencil, for it may prove to be an arithmetical problem. Now you can see for yourself what a poor investment your so-called home has been.

THIS HOUSE is a bargain. It is on John Street. Contains six rooms closets and pantry. It has a nice bath-room with hot water connections, hard wood finish, has been recently painted and shingled. A nice, large lot, 115 1/2 by 52 1/2 feet. Is insured for \$1,000.00. Price only \$1,500.00. Small payment down and balance as rent.

THIS SEVEN-ROOM COTTAGE is located on Humbert Street, near the Ward 5 school-house. This also has bath with hot water connection. Just as good a cellar as there is in the city, with granite underpinning. Bay window and two piazzas. Lot is 80 1/2 by 65 feet. Corner lot. This house has been built only three years. Price, \$1,600.00. Small payment down. Balance at five per cent.

THE FARMS we have on our lists are too numerous to mention here. Come in and look over our description of them and see if you don't find just what you want.

We not only have houses and farms, but we have many different kinds of business to sell—granite quarries, machine-shops (doing a good business), stores, restaurant, etc. Remember the place.

## INSURANCE

Some agents say "The Best Companies," others "The Strongest," and still others "The Largest Companies." I simply say

JOHN W. DILLON, Agent,

Representing \$465,490,117.39 assets as per annual statement of companies represented in this agency on January 1, 1903. That tells the whole story. Call and investigate. No risk too large, none too small.

## THE FOX TYPEWRITER

And Second-Hand Machines of Other Makes For Sale.

Let us prove what we claim at our expense. There is only one way to prove anything about a Typewriter, and that is an actual test of the machine itself in your own office. That is what we want every possible purchaser of a Fox Typewriter to do before he buys.

When we say that a Fox Typewriter can be operated with from 25 to 100 per cent less energy than any other Typewriter, it doesn't mean anything to you unless we can show by this saving that it will enable you to reduce the cost of typewriting in your office, give you a better grade of work and save you a vast amount of worry about repairs. When we show you THAT you are interested.

In addition to effecting a saving, when with a Fox you can do invoicing in conjunction with loose-leaf systems or without, tabulating, card writing, man-folding, two-color work, inserting a second color for emphasis in a letter or invoice by simply pushing a button, we have acquainted you with possibilities in typewriting which we believe you have not yet known existed.

And yet the Fox does all this and more. Let us prove it. You need this machine if you need a Typewriter. Remember it is at our own expense. All you have to do is to say you are interested, no matter where you are. Write us today.

## ABOUT THE STATE.

Items of Interest Gleaned from Our Exchanges.

The Woodbury Granite company at Bethel has just secured the contract for furnishing cut stone for a \$150,000 bank building at Pittsburg, Pa. The stone will be Woodbury granite and the finishing work on the same will be done at the company's shed at Bethel, which will give employment to about 50 men during the remainder of the year.

It is estimated that there were fully 5,000 people in Bristol Tuesday. The first game of ball Tuesday afternoon, Bristol Independents vs. Vergennes, resulted in a score of 9 to 3 in favor of the home team. The second game Bristol A. A. vs. Waterbury, was 17 to 0 in favor of the home team; attendance, 1,500; receipts, \$345.15.

Dr. E. H. Eastman, now serving a four year sentence in the House of Correction, who was committed there a year and a half ago for running a disorderly house in St. Johnsbury, is said to be about to make an application for a pardon to Gov. C. J. Bell. Dr. Eastman made application to ex-Gov. J. G. McCullough over a year ago, but it was turned down. At the prison, the doctor is reported as having an excellent record. He is employed as a physician in the prison hospital. The application will be made through friends in St. Johnsbury and it is not known on what grounds it will be asked for.

Monday evening Chief of Police E. S. Abbott of Randolph arrested a tin peddler, Philip Pearlman of Burlington for an alleged assault upon Walter Bigelow of Braintree. The trouble started in West Proutree when Bigelow got into a discussion with the peddler over a mop. Witnesses claim Bigelow struck the peddler a blow across the shins with the mop stick and in less time than it takes to tell it the peddler regained possession of his mop stick and put Bigelow out of business. The case was to have been settled in court July 4 but has been continued for two weeks. Pearlman furnished bail. There is a question as to which party was guilty of the breach of the peace as the stories of witnesses differ and the case has been continued for this reason.

## Fighter to Train in Rutland.

Tommy Murphy, who is matched to fight "Young Corbett" at a date and place not yet fixed, will start training in Rutland for his light which will probably be pulled off in about three weeks. His training quarters will be at the club house of the Marble City Athletic association at the fair grounds. He will be accompanied by Jack Oliver, his trainer, and Patsy Broderick, boxing master of the club, will assist in shaping him up.

## Vandalism in Newport.

An act of vandalism was perpetrated Monday night when the federal building, the public library, and the Pratt studio building in Newport were besmeared with black paint. It will require much time and expense to remove the paint from the marble and granite buildings. The culprits have not yet been apprehended, but three persons are suspected. Alton Street met with a painful accident while firing a cannon Tuesday. Mr. Sweett as it had failed to go off was lighting it again, when it was discharged, pulverizing one hand and one leg. He was also injured about the body. The races were largely attended Tuesday, and the programme was well carried out. The balloon caught fire, preventing the ascension.

## Black Leg Among Cattle.

Mr. Hodgdon, on going to his pasture in Townshend which contained 20 head of young cattle, found four dead and two others sick, which have died since. Mr. Hodgdon came back and took Mr. Sawyer with him to see the cattle, and he pronounced the trouble "black leg," a disease of the blood, which attacks only young cattle. Other farmers whose pastures joined Mr. Hodgdon's are taking precautions, as there are more preventives than cures for the trouble. Some have put their cattle into the barns and are giving medicine to ward off the disease.

## Conductor Dragged 100 Feet.

Martin McMahon, a conductor on a car of the Rutland Railway company, bound for Rutland from Lake Bomoseen, fell from the running board as it was nearing Castleton late Tuesday evening, and was dragged over 100 feet before the car could be stopped. He was badly bruised about the head and body. None of the passengers could tell just how he lost his hold on the side of the car. The running board was filled with passengers, and in reaching around for some of these, while busily collecting fares, it is supposed he missed his grasp. An examination revealed no broken bones and it was found that he sustained only painful bruises on the head and body.

## Celebrated the Fourth.

Sheriff Horton and Deputy Sheriff Quinn of Burlington celebrated the Fourth by making searches at three places. The first visited Mrs. Elizabeth Martelle's place on North Bend street. Mrs. Martelle was not at home but after looking about a short time the officers found two cases of beer which they took in charge.

The home of William Sordiff, who lives at No. 128 North Bend, developed a greater haul for when the officers left they had 20 bottles and a jug of whiskey. A woman who said her name was White was in charge of this place and she was taken to jail.

A search was also made at Michael Callahan's on North street but nothing was found.

## Woman Had Narrow Escape.

The worst rain storm of the season visited Fairfax Saturday evening and Sunday. The rain came down in torrents and did a great deal of damage to meadows and crops. Just above the Falls as Mrs. Chas. Cox was driving home she came to a place where the water was over the road and as she drove into it the horses went out of sight in the water. Mrs. Cox jumped on the horses' backs and reached solid ground. Help then came and got the horse out unhurt. The roads are in a very bad condition. DeForest Syrus had three cows

## SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newtrow's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mammett, in the Maryland Block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal suit of hair. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

## Fire and Drum Corps.

The fourth passed off noisily but pleasantly in St. Albans, and the explosion of all manner of fireworks has been almost incessant for 36 hours, with no fatalities nor serious injuries to report. A pretty feature of the day was the institution Tuesday of a sunrise salute and serenade by a continental fire and drum corps. Shortly after sunrise the corps, composed of C. H. Anderson, leader; Charles E. Pell, Charles W. Buckley and Adelbert S. Greene, snare drums; C. A. Bostwick, bass drum; John Ploy, fifes, dressed in the costume of buff and blue of revolutionary days, made a tour of the city, playing at each corner. The innovation was a pleasing one, instituted by Bellevue Chapter of the Daughters of the American Revolution, and it will probably be kept up in the years to come.

## For Illegal Liquor Selling.

Daniel Prince, of St. Albans, colored, was Wednesday evening committed to Franklin county jail in default of \$300 bonds on the charge of selling liquor without a license. Prince is the man who was arrested two weeks ago on the disclosure of Mary Curry Smith. He furnished bail for a later hearing and the case was taken up Wednesday before Justice Kearney. Judge Flinn, attorney for Prince, demanded a jury trial, which was refused. The State produced two witnesses, Mary Puffer and Mrs. Henry, each of whom swore to having given Prince money and receiving in return bottles of liquor. After the arguments by State's Attorney Austin and Judge Flinn, the court decided that there was sufficient evidence to hold the respondent and therefore bound him over for the grand jury in September.

## Keeping Wedding Cake.

It is said a loaf of wedding cake was once kept six years without any appreciable diminution of its flavor. It was packed in a tin box with an inch of granulated sugar all around it. The box was then wrapped in strong paper and kept in the attic.

## Scientific Robbers.

A gang of thieves at Arad, Austria, cut off the electric light during a murder trial and robbed judge, counsel and juryman.

## Lager Beer.

Lager beer was so called because when first made it was stored for months before it was used on a "lager," or frame, in a cool cellar.

## A Surprise Party.

A pleasant surprise party may be given to your stomach and liver by taking a medicine which will relieve their pain and discomfort, viz: Dr. King's New Life Pills. They are a most wonderful remedy, affording relief and cure for headache, dizziness and constipation. Only 25c at the Red Cross Pharmacy and Parlor Drug Store.
